HELP keep bellies full this winter by swapping cans of food for weekly rentals at NetworkVideo in Bowral.

Most of us can recall our last meal, we even have the privilege to pick and choose what we want to enjoy.

But for some less fortunate people in the Highlands, their last meal could have been days ago, in fact some of them might not know when their next meal will be.

Poverty is an ongoing problem in every community, regardless of population and it's up to the members of the community to help.

As part of Network Videos Cans4films campaign throughout July, each customer that donates one can will receive their choice of one weekly rental for free.

For two cans of food, customers can receive three free weekly rentals of their choice.

At the end of July, Rotary Bowral and Mittagong will distribute cans to St Vincent de Paul cahrities in the Highlands.

Christina Pettinger, business owner of NetworkVideo, said the campaign was not driven to prevent and bring awareness to the concern of poverty in the community, but to make a difference.

"When I read the statistics regarding poverty on our streets, it stopped me in my foundations," she said.

"And I thought what could I do? I have to act on a local basis.

"There is poverty in the Highlands and that's reality.

"We want to wake people up a bit, it's right on our door step."
